PROFESSIONAL SUMMARY

Experienced software developer dedicated to constantly improving tools and infrastructure to maximise productivity, minimise system downtime and respond quickly to the changing needs of the business. Applies AI-assisted development with Claude Code — Skills, MCP integrations, agents and sub-agents, and hooks — to automate analysis and delivery work.

WORK EXPERIENCE

Freelance Software Developer
Sep 2018 – Dec 2019
Infini Tech Ltd — *NHDC, Mauritius*

- Examined existing IT systems and business models.
- Reviewed existing processes.
- Analysed system requirements and gathered information.
- Application development, unit testing and deployment.

DBA on Filero
Oct 2010 – Jul 2011
Focus Technologies — *HRDC, Mauritius*

- Coding in Filero Studio; created classes and archives.
- Created users, assigned responsibilities and managed privileges.
- Configured security settings, access rights and integrated search functions.
- Performed backups and created reports using Report Weaver.

Oracle Database Administrator
Aug 2009 – Sep 2010
Info Sage Systems — *Hyderabad, India*

- Installed the software and was involved in database creation.
- Managed tables, tablespaces, datafiles and objects (sequences, indexes, views).
- Created users and managed privileges, permissions and responsibilities.
- Implemented backup and recovery strategies with RMAN and logical export/import.

Senior IT Recruiter
Aug 2008 – May 2009
Suhan Enterprises — *Secunderabad, India*

- Handled the complete recruitment life cycle: sourcing, shortlisting, candidate tracking, technical and HR interviews, reference checks and post-joining follow-up.
- Recruited for all levels, from developers to project managers, in domestic recruiting.
- Sourced via personal network, internal database, job boards (Monster, Naukri, TimesJobs) and employee referrals.

Senior IT Recruiter
Oct 2005 – Jul 2008
Iglily Solutions — *Hyderabad, India*

- Handled the complete recruitment life cycle for developer to project-manager roles.
- Evaluated requirements and screened profiles before submitting them to the technical panel.
- Coordinated with the technical panel to schedule interviews and collect feedback.
- Sourced via personal network, internal database, job boards and referrals.

IT Recruiter
Aug 2003 – Jun 2005
Agneto Solutions — *Kolkata, India*

- Sourced, interviewed and tested applicants for client openings.
- Advertised requirements on Dice, Monster, Yahoo Jobs and industry-specific job boards.
- Tracked submitted resumes and kept candidates updated on progress.
- Reported daily to the manager; worked with managers on quality and time management.
